41er Sumit Katariya
National Editor
2023-24

Dear 41 Family,

As the vibrant festival of Diwali illuminated our lives with joy and fervor, we bring you a recap of the memorable events that transpired during the period from October 15th to November 30th, 2023.

The festival of lights, Diwali, marked its presence with dazzling displays of lamps, vibrant decorations, and a sense of unity among all of us. 41ers were adorned with sparkling lights, and families came together to celebrate the triumph of light over darkness.

During the festive season, numerous 41ers outreach, embodying the spirit of giving and compassion. From food drives to charitable events, 41ers across the region joined hands to make a positive impact on the lives of those

in need.

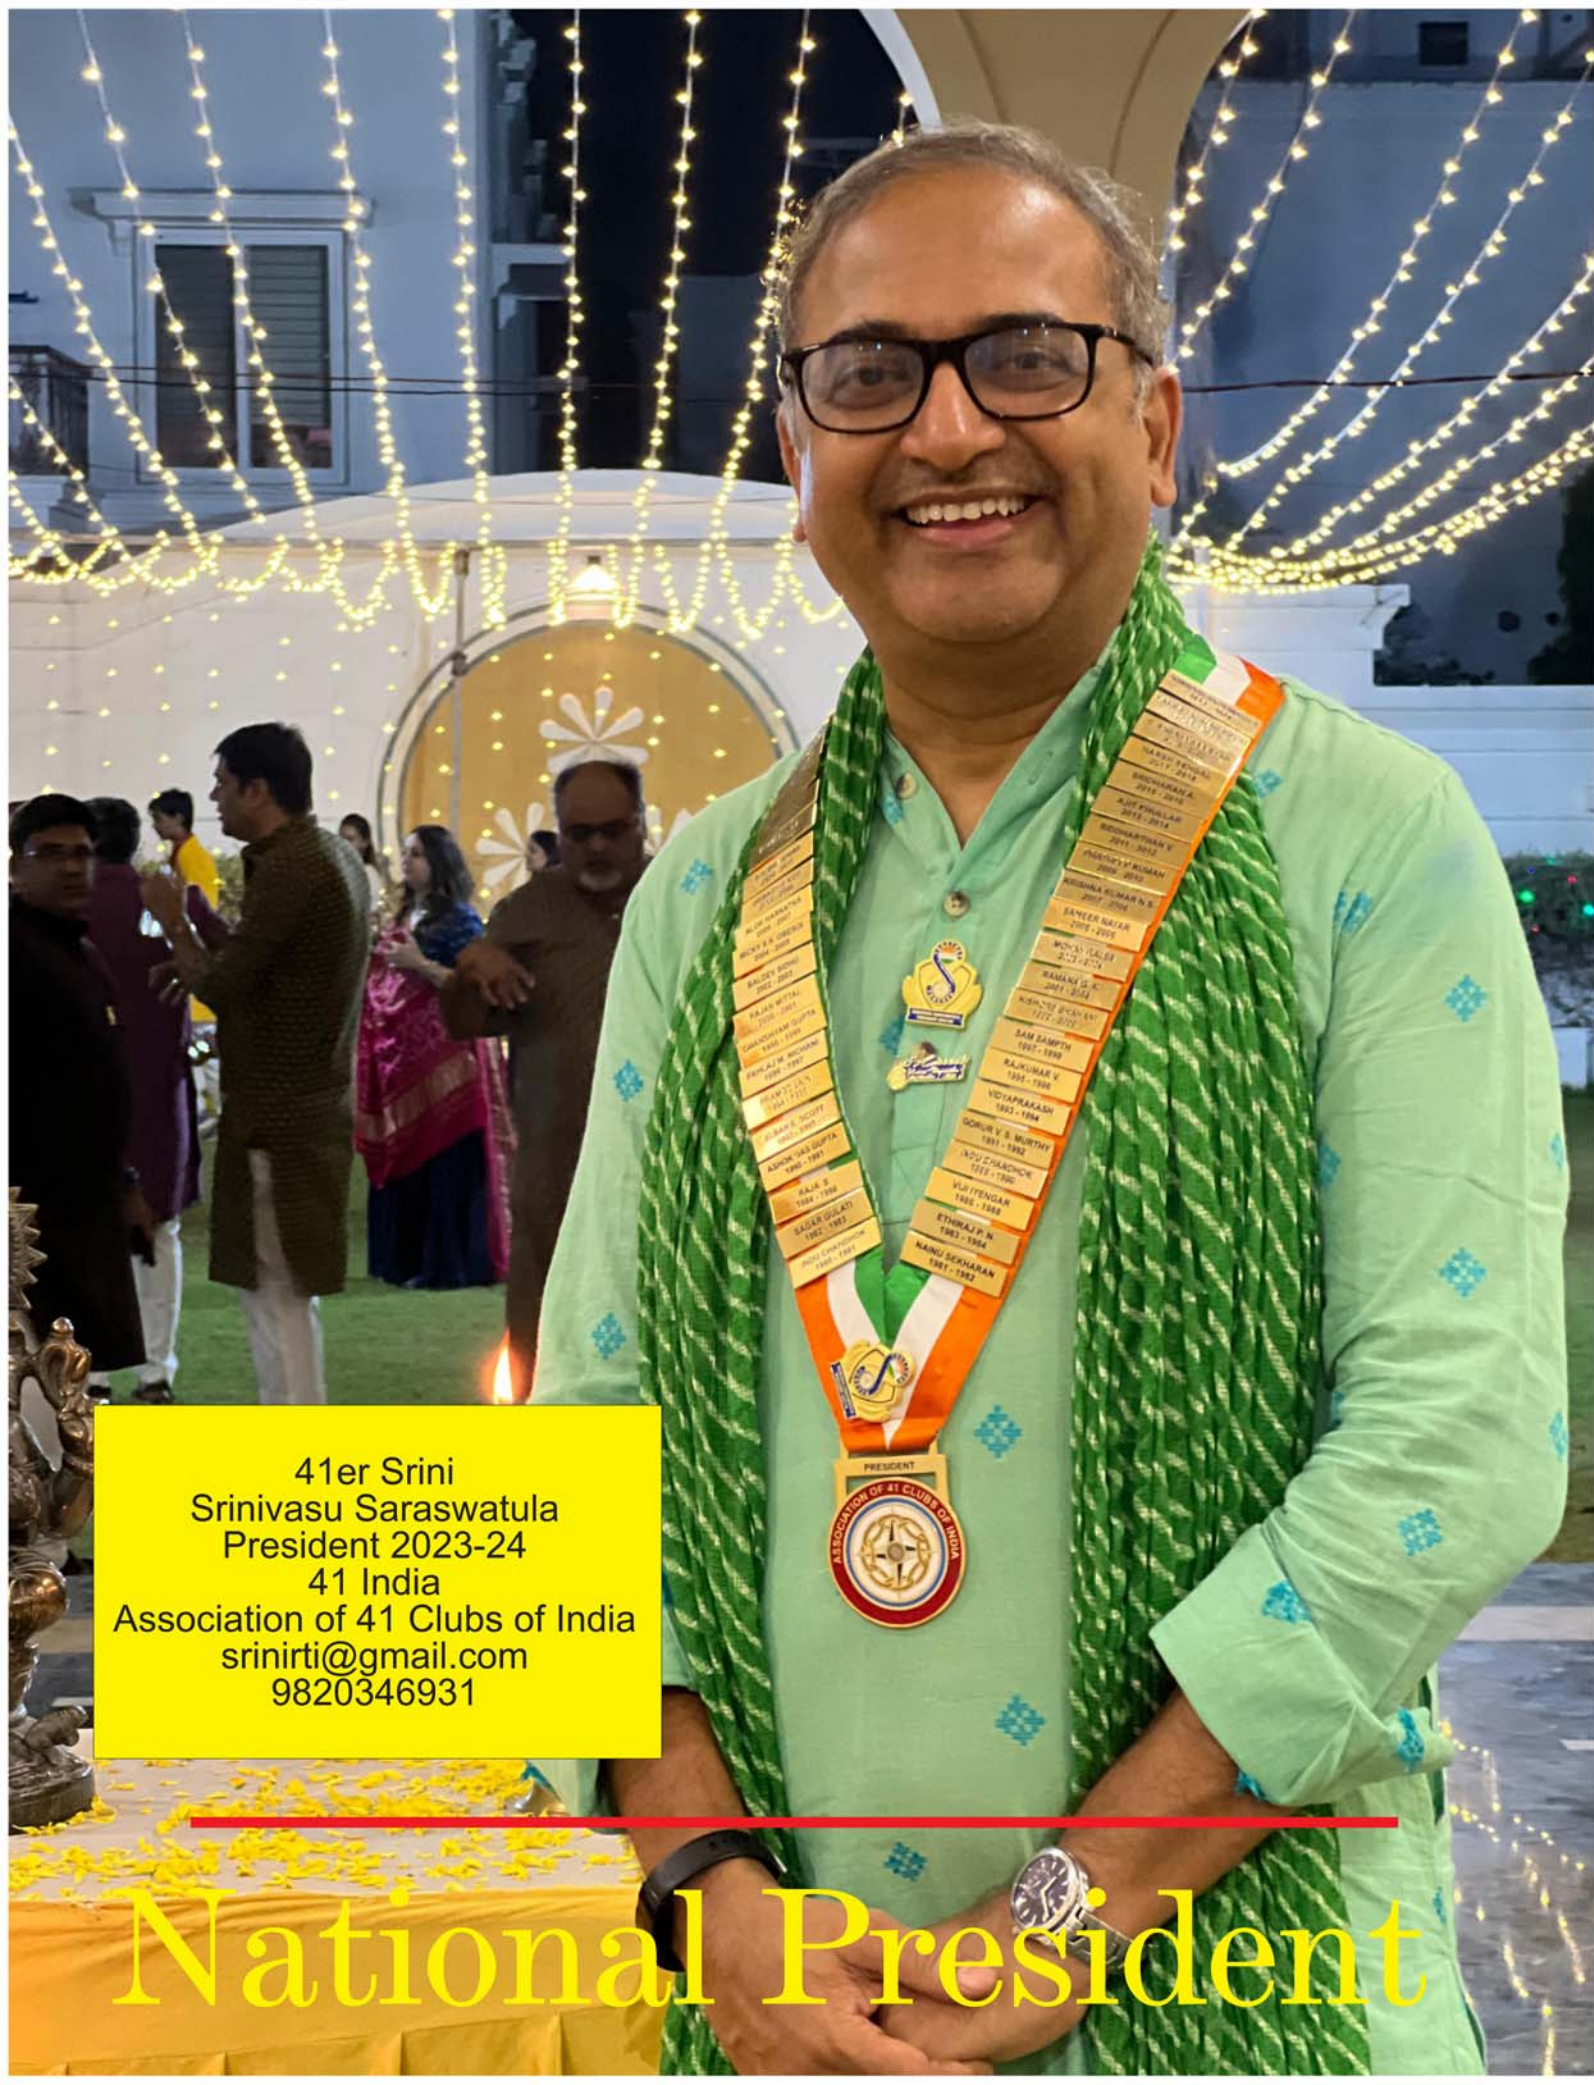

This year social and fellowship witnessed a surge in innovative Diwali decorations. From themed light displays to intricate rangoli designs, individuals and every one showcased their creativity, adding a unique touch to the festive ambiance.

As we bid adieu to the festival of lights, let us carry forward the spirit of Diwali – the spirit of hope, positivity, and the triumph of good over evil. We hope these celebrations have brought joy and unity to your lives.

You can reach me at 98271 59000 or sum23in@yahoo.com

National President

Dear 41er Friends,

I bring to you warm greetings from the National board of 2023-24 Together Forever. Trust this finds you and your family at the best of your health and spirits

We are coming out of festive celebrations and still in the middle of the mega marriage season. Dussehra to Diwali, it's been one never ending string of fellowships & parties across the 41 Clubs in India. Traditional Puja. Pandal hopping, Garba, Danadiya and finger licking food were the highlights of the Durga Puja. Diwali celebrations were marked by Club socials, card parties and Rangoli apart from sweets. Its been absolute party time for 41ers. It is heartening to see most 41 clubs now sharing the fun moments with all over whatsapp groups and FB.

I had an opportunity to attend many parties and meet up with 41ers & tablers. From Mata ki Chowki to Durga Puja Pandal hopping to Garbha in Ahmedabad & Mumbai to Card parties, its been super fun

Area 3 had their 2nd AEX meeting on 28th Nov while Area 9 had their first AEC met in Lucknow on Nov 19. Area boards shared their working plans for the year

Area 7 Visit
In Nov I had an opportunity to travel across four 41 club centres in Area 7. It was a super efficient trip with 2 nights on a train traveling across cities. Traveling with me all through were NT Madhu, AC7 Sumeet, AVC7 Raghu. NS Pompy gave us company to Vizag, Vijayawada and Guntur while National Extension Convenor Satya and Webmaster Giri gave us company at Vijayawada, Guntur & Hyderabad. We spoke about our annual plans and appraised of the the progress made to-date

Visakhapatnam. I flew into Vizag on Nov 4 afternoon. Beer and Biryani for a late

afternoon lunch, lot of chit chat and then off for the meeting. All 5 41 clubs - 62, 87, 169, 186 and 292 were represented by their chairmen and members at the meeting. It was great gesture by old friend and birthday boy Mallik to drop by to meet & spend some time. Off to Vijayawada by train that night

In **Vijayawada**, after breakfast the first halt was the famous Kanaka Durga Temple. After seeking Her Blessings we were off to the Vijaywada all club meeting over lunch. Both clubs 70 & 228 were well represented. We also met spouses and spoke about forming a Tangent. After Hi-Tea at Babji's house, we were off to Guntur by road.

Guntur - Attended the meeting with 41ers of Guntur club 60 & 209 in the presence of stalwarts PP RTI VVS Ravi, 41er Maddi Venkateswara Roa & Pandu. Sq legs who will form the 3rd club in Guntur were also present and so were the tablets & spouses. The meeting went late into the night till it was time for us to catch a train to Hyderabad.

Hyderabad - First Monday meet. As always, it is fun & informative. Good gathering with excellent food & drinks. Webmaster 41er Giri committed 50k for FTDE and 41er Uday Rs 25k as matching grants.

3 days, 4 cities, 25 Clubs, 6 National Board members and 1 Area Board member and memories for a lifetime. Thanks Sumeet and Madhu for planning the trip and the city coordinators for all arrangements. Pl. accept my sincere gratitude

FTDE
Digilearn and Oxygen Animation Studio (Oxysmart) have been approved as vendor for the FTDE program roll out. Alongwith Moinee Foundation, a 41 club now has 3 vendor partners to choose from. We now offer Class 1 to 10 course curriculum in 8

languages across 14 states. Let us applaud the efforts of FTDE Convenor Anurag for making a circulating a comprehensive FTDE Manual with all the details. Reach out to him or your AC for details

FTDE meeting in Hyderabad, Nov 25: On the sidelines of a personal visit to Hyderabad, I had an opportunity to meet up with AC7 Sumeet, Extension Convenor Satya, A7 FTDE Convenor Naveen Malviya and PP RTI 41 Pranay Trivedi to discuss A7 FTDE plans. Some interesting questions came my way. At the end of the session they promised me exciting numbers

A7, Surat 104, Mysore, Bangalore and A10 (North Karnataka) Clubs have shared their plans. I am super excited with the first look. ACs will share the plans in due course of time

Each FTDE project costs appx 50k (inclusive of any onsite electrical work, plaque etc). Request you all to **donate generously** towards the project roll out and **claim 80G benefit**. We will acknowledge your contribution on the plaque. You may also dedicate the project in memory of your family member. We will get to see lot of action in the coming months

SYJ

I am happy to inform you that many 41ers & Clubs have come forward to do SYJ projects in the form of food donation at hospitals for the patient's family members or to the poor. Other projects included items of need to the old age home, children of special needs. Miyawaki forest project done by Bangalore Club 116 is very interesting. The Pandal Darshan organised by Sliguri club 180 for specially abled people was indeed heartwarming. Hosur Singham Club 170 Play Area Equipment project was covered in local newspaper

In all, we have done over **XX** Projects

between Oct 16 & Nov 30

Fellowships & events

Almost all clubs across the country were having socials, festive get-togethers. Area 1 had a trek in Medanad with a night stay in the jungle. Over 20 heads participated in the fun filled level 1 trekking event,

One of my commitments was to promote inter Area fellowships. Famit Convenor Vishal Sunda planned a A1 & A8 inter Area Famit on Nov 4 & 5 at Thrissur. Its success bodes well for more such events in coming months. Thanks AC1 Chakra and AC8 James Verghese Cheeran for your support

Mumbai Clubs Organised Box Cricket fellowship for 41ers and their family members

A6 organised Movember to promote better understanding of Men's health issues

A1 announced 41 India Singing Idol with some cool flyers. I would encourage all the 41 singers to participate in good numbers

International

Lot of action and energy around 41 AGM in Morocco. IRO Vivek is doing a great job in ensuring another record breaking India team presence with his timely communication

41er Sieto Doornbos had requested a message from me to the floor of Netherlands 41ers on their NAGM. I did send a message of friendship from 41 India with a hope more closer relations between the two great 41ng nations

This is all I have for you at this moment. Looking forward to meeting up with you on forthcoming travel

Thanks and best regards
41er Srini

My dear friends in 41 Clubs,

Team Together Forever, which took over from Friends For Life has now completed three months . Whatever be the theme, they convey the strength, vitality, purpose and continuity of our wonderful and vibrant movement.

Fellowship continues to be the pillar of our existence. There is a lot of focus on Service Projects through SYJ and FTDe. We are all looking forward to another exciting chapter of the YAPS programme. Our presence continues to be felt in the 41 International world. Many have registered for the World meet at Marakesh in May 2024 where our own Dr. Sid will take over as Vice President 41 International. At the same time Jayashree Chaudhry will be handing over as President Tangent International .Our tribe continues to grow and so does our reach and influence.

Our hearts go out to all who went through a terrible ordeal in the aftermath of the Cyclone which wreaked havoc and brought upon untold miseries in Chennai and other Areas in South India. We pray for their well being. With Best wishes for a Merry Christmas and Happy New Year,

I remain. B K SINGH DEO

Imm. Past President

Tg Fareesa Khan
Tangent AGM Convenor

41er K Bhaskar Reddy
NAGM Convenor -2024

Hey Dosto,

Get ready to rock your socks off on a dhamakedar trip to Hyderabad - the City of Nizams! Imagine this: Biryani that conquers your taste buds, and Irani chai that's a daily jashn. Dive into the Laad Bazaar chaos, where bargaining is an art, and your shopping bags are basically trophies. But, hold on tight; it's not all shor-sharaba. Take a leisurely stroll by the chill Hussain Sagar Lake or time-travel at the Golconda Fort - where history whispers sweet nothings.

Now, let's talk nightlife! Hyderabad comes alive after dark with its vibrant party scene. From chic lounges to lively pubs, the city knows how to let loose. So, let's spice things up together in this 'Pearl City,' where every gali has a kahani, every gali has a taste, and every night is a celebration!

41er Vishal Baldev

CRIMSON MENTURAL HYGIENE PROJECT

41er Amrendra Singh

The Crimson Menstrual Hygiene Project is a platform, started jointly by 41 India and Tangent India, which involves more than few hundreds of centres of both 41 India as well Tangent India Clubs, covering the length and breadth of India.

Work on Crimson Menstrual Hygiene Project, started towards the end of 2021, during the tenure of Tangent President Jyoti Singh Deo, during her visit to New Delhi, along with 41er Vice President B K Singhdeo at The Earth Saviour Foundation. Mrs. Sudha Vohra delivered the inaugural address in the presence of Prez Jyoti. VP B K Singhdeo, Tangent members, Area Chairman 5, Samier Jain, host of 41ers and several hundred of women from neighbouring villages & volunteers of the Foundation.

Tangent India, with the support of 41 Clubs embarked on this journey and officially launched the Crimson Menstrual Hygiene Project on the 8th of March 2022 (International Women's Day).

The focus of Tangent Clubs all over India is to target slum areas, Government schools for girls, slums, orphanages and homes for women in urban and rural areas where the literacy level of women is below standard and access to hygienic practices during menstruation are minimal or nil. Each project has two parts- the first part creates awareness amongst lesser privileged girls and women and the second part is the distribution of the biodegradable sanitary napkins.

The total number of women benefitted by this project, was 9000 plus, until Sept 2023. The first phase of the project in 2023-24 reached 3000 women and girls.

The total funds spent till Sept 2023, was 17 lacs & more forthcoming in the financial year 2024- 25. The project has tied up with Aasra Shiksha Samiti, an NGO and a leading manufacturer, headed by Tangent Sudha Vohra (a member of Tangent Club 3) and her partner Rajiv Bajoria. They have put together a team and infrastructure to manufacture inexpensive, all natural BIODEGRADABLE sanitary napkins from Banana Fibre (which disintegrates very quickly, unlike plastic which takes scores of years).

The product and process are standardized and approved by Textile Committee, Govt of India. Last year about 30 Tangent Clubs participated in the Crimsons project benefitting over 9000 women and girls across India.

This year, With President Nalini Prasad at the helm, the first phase of the project has been completed with 15 clubs participating, benefitting 2250 women and girls from different parts of India, thereby impacting over 12000 women and girls already in just two year of implementation. The second phase of the projects is now running into implementation and the third phase will also be launched shortly.

This project would not have been possible without the tireless effort of 41er Amrendra Singh who continues to source funds for this project and has roped in Clearwater Analytics as a primary donor. 41er Prashant Shah also has contributed to this project in the past. We are grateful to the Round Table India Foundation that is meticulously supporting this project by routing the funds and scrutinising the details of fund utilisation.

Mid Europe YAP - 2023

Shikhaa Munglani

We started our journey in the Netherlands where the 5 of us arrived on the 21st and 22nd of June. We were so graciously welcomed by Sieto and Johan of the 41 club of the Netherlands and were taken to see the city of Amsterdam. Our cultural exchange started immediately as we were offered to taste the stroopwafel (a favorite snack of the Dutch) and herring (a specialty of the summer). The children of some 41 club members accompanied us around the city and we went on a boat ride across the canals of Amsterdam. The 5 of us from the group were also meeting each other for the first time that day so it was an amazing start to the trip!

The next two days in the Netherlands involved visits to windmills (old, new and those with historic significance), more boat rides where the boats got bigger and bigger, a swim in the lake and our first 2 barbecues of the trip! We went boating across Giethoorn (the Dutch Venice) and it was out of a dream. We got to meet many more 41 club members and also some tablers. Our second accommodation was actually a guest house which the 5 of us had all to ourselves!

We were extremely grateful for this as it allowed us to get to know each other better. We were also made to participate in a quiz about the Netherlands which truly made us realize how much we had learnt in just 3 days. We are extremely

grateful to the 41 club of Netherlands for hosting us!

We were driven to Belgium by Sieto and Johan on the 25th of June to Belgium where we first met Bob- the IRO of Belgium and a couple of other 41ers in Mechelen. We got our first taste of the Belgium beers and headed to Arlon which was only 20 kms from Luxembourg! We got to experience the French region of Belgium with a barbecue in a chateau and lots of wine with the most scenic views! We got to see Luxembourg (a bonus country for us!) and learnt about its history as well as current significance. We learnt to sing a little but our singing broke some chairs (do check out the video on Facebook) and with a heart full of smiles we headed to our next destination - Eupen which was the German speaking part of Belgium.

At Eupen we were taken to a shop which had a thousand different brands of beer! Each of us bought something we would like to try and headed to Philipps house for a scenic barbecue. We met some of our hosts and other 41 club members and tasted what is known as the best beer in Belgium! The next day we went on a cycling tour into the forests and back about 13 kms in total where the views were absolutely stunning.

We also visited the USA cemetery in honour of those who lost their lives in the Second World War. After that

we went to one of the oldest churches which was also known for its Trapist beers! We tasted some of that and then headed to dinner with the 41 members where we got to say thank you and goodbye to them to head on to our next stop! We thank both towns in Belgium for having us and making us a part of their diverse culture!

We then headed to our first stop in Germany - Ludwigshafen. We were welcomed there with an extremely important hike - part of the tradition of the OT 231. We hiked up a forest and were so warmly welcomed by our host table - OT 333 and OT 231 with pins and an amazing sunset with a view of the black forest. We climbed down in the dark which was an important part of the tradition and went home. The next day we were taken to Speyer - town close by where we saw the Teknik museum and the cathedral.

We had Schnitzels for lunch which felt like a hug. We then went with the children of our hosts to Heidelberg for a night of bar hopping which was a first for us! We returned singing and dancing proving it to be a successful night! The next day we were taken for a Sunday sport - football golf. We played and relaxed and then we're hosted at Axels house for a pool party and barbecue where we were given special glasses from the region! We spent the next morning in mannheim- shopping

and eating and went to the station to go to our next stop - Offenburg! At Offenburg we were welcomed by Wilhelm who had a very special relationship with Round Table. He lived in South Africa and Germany and was in the table with the same number in both countries! An interesting start - he surprised us by taking us to a cherry farm and then to France! (Another bonus country) we were shown how ships travel across different levels of the river and then went to a distillery factory where we even had a tasting of some gin! We then headed to a 41 club meeting where we met several members who were excited to have us.

We went to sleep excited as the next day we were going to visit the Europa park. And it was definitely worth all the excitement! We ended the day at Wilhelms house where we were given several souvenirs from the OT 85. The next day we were taken to a paper factory where paper is made for several use cases and for a large part of Germany.

We were also taken to a vine and champagne factory where we had a tasting and were explained how vine is made. We then headed to the Black Forest where we did some parkour activities like ziplining up in the trees! We moved to a beautiful lake in the middle of the mountains and finally headed to the top of a mountain for a dinner picnic and danced and sang in front of a
