- FROM THE SECY'S DESK -

Dear members of my 41 Family,
Greetings and prayers for your good health and that of your dear ones.

This month, just like the many that have passed in the last two years, brought with it a mixed bag of emotions and uncertainties. As far this month is concerned, our NEX / MTMs & travel got postponed due to Covid complexities. And while there seemed to be no end to it when this month began, we are glad to see that the government is lifting various curbs on social gatherings, and soon I hope all of us will be able to meet in person.

We are particularly excited as the NEX Convenors are ready to deliver lots of planned benefits to you all, under the able leadership of our President
41er Pankaj Singh.

Looking beyond our immediate horizon, 41 International is also gearing up for activation. These coming months seem to be pretty exciting in terms of the plans we have, more so due to the fact that with restrictions lifting up and all of us may be able to work and celebrate in person again.

Till then, take care & stay safe!

TABLERS & CIRCLERS APPRECIATING OUR 41ERS “DIL SE” 41ER SANJAY KANAKIA, POONA UNITED CLUB 157, AREA 4

Dear Friends,

I am not sure how many of you all have brushed shoulders with Sanjay Kanakia from PURT144. He has been amongst the few that have had a deep impact on me during my tabling years. Sanjay is an awesome trainer and amongst the limited rare gems RTI has had the good fortune of having.

I remember it to be my 2nd ALC and it was being held in YMCA Nilshi. Sanjay was the AVC of A3 and also our facilitator. Amongst the various other activities that we did there was an exercise we discussed about while chilling in the evening. He asked us to make our own obituary...sit down and think what would we write if we had to make an obituary of our own. How would we want people to remember us...what is it that they would remember us for.

13 years have gone by and I still haven't been able to accomplish this task. I still reflect upon this topic from time to time but I still fall short of words to make one.

Maybe you can....

Dear Froends,

In my "10 Years of Tabling Journey" few people made a big impact and difference in my tabling journey !!

One of them was @Sanjay Kanakia whom I fondly and respectfully address as @Sanjay Bhai who really is a true legend of tabling and winner of "Distinguished Service Award" in "Round Table India" also !!

Was fortunate to attend @National Leadership Conclave under his training at Ahmedabad in November, 2013 and then he conducted one of the modules for our "TeXT" at "Area-IV" in "Kolkata" in "2014" also !! Attended various training programmes during my tabling journey and came across various trainers but the biggest impact was made on me a young aspiring tabler was by him only hence always have immense respect for him !!@Sanjay Bhai was the one who taught me and many others in "Round Table India" that "If It's Not Fun Then It's Not Tabling" !!

Many retired tablers and tablers have spent considerable number of years in tabling are labelled as stalwart or legends quite easily by their respective area members but for me if anyone deserves the tag or "True Legend" and "Real Stalwart" of "Round Table India" it's definitely @Sanjay Bhai also known as @Sanjay Kanakia, Sq. Leg. PURT-144, Area-3 !!

TABLERS & CIRCLERS APPRECIATING OUR 41ERS “DIL SE” **41ER KARAN GEHANI, POONA UNITED CLUB 157, AREA 4**

Motivation from those who had been tabling for some time was a big deal for me in my initial years. My connect with them helped me reinvent myself, better myself, identify skill sets to contribute back to tabling.

Amongst the many names that are out there, one that I respect is that of Karan Gehani. To me Karan was amongst those to whom I could turn to, to talk to, to clarify and understand things from a very different perspective than with which people normally approach tabling matters with. Karan's thinking process combined with his report creation skill sets are a killer. The reports that he made along with Sanjay Kanakia to showcase work of RTI won the hearts of those at P&G...what more remains to be stated. To me he was an inspiration...one whose skills I worked hard at imbibing and helped me during my AST year...and led me to become RTI's best AST under leadership of then NP Ashwinni & NST Harish Shenoy. To me he stayed a pillar of support even in my year as an AC...a person to whom I could turn to for any advice I needed if I found myself in a spot. Karan, if you read this article...I want you to know “Respect” is the word that comes to my mind each time I think about you and my tabling years. Thank you for being there my friend!

Best regards,

41ER KHUSHROO KALYANWALA, NEW DELHI BOOTLEG BOYZ CLUB 41, AREA 5

He's Just A Normal Guy But All his Dreams Are Weird.....

He's just a normal guy, just as plain as one can be
His Mum & Dad were average folks, & that's how they raised him you see!

He doesn't understand it, it's to abnormal things he's geared

By day his life is sane, but at night his dreams are weird!!

He's just a normal fella who goes off to work each day

He does his job, and often has much to say!
But in the night he dreads the bed, each night is just the same

Cause all his dreams are ROUND, one overnight tabling game!!

He' dressed in his 'pin adorned jacket' tied in a bow

There's one missing from his hat, Oh God no!

Birds fly by and wolf whistle overhead

Don't roll over, the missing pin might have fallen in the bed!!

15 Tablers all in a row

All with table jewels ready for the bugle to blow!

One pretty lady dancing' in his lap

Don't you touch or you'll get a nasty slap!!

He's just a normal guy, just as plain as one can be
His Mum & Dad were average folks, & that's how they raised him you see!

But one day when he was small, Ma dropped him in the sink

By day he's just a normal sod, by all his dreams are ROUND don't you think!!

He'd like to have an alternate obsession, but it just never does work out

Things get on fine until he realizes what his dreams are about!

Then he drops these like a stone, and says they can't compete

As round the clock TABLING keeps him on his feet!!

When dreaming about TABLING everywhere
He really wonders why the Supply House did not make branded underwear!

Imagine wearing monogrammed teddies and ROUND TABLE hot pants

All he would arrange for now is a couple thousands as grants!!

He's just a normal guy, just as plain as one can be
His Mum & Dad were average folks, & that's how they raised him you see!

His life could be near perfect, his life could be real fun

If only when he slept he did not dream of yet another one!!

But then it is his lot to life, can't beat it so we'll all join

We suppose that they are only dreams they don't even cost a coin!

So if at night you happen to hear him in his sleep
Just think, "that lucky bugger, is dancing with another award that is his to keep." "!!

We do think he's just a normal guy, just as plain as one can be

His Mum & Dad were average folks, & that's how they raised him you see!

We don't understand it, it's to abnormal things he's geared

By day his life is sane, but at night his dreams are weird!!

Raising a toast to our very own KK for dreaming about all that was impossible and then making sure that each of his dream comes true.

A TABLER in the complete sense, dreaming and fulfilling his dreams.

Felicitating his DSA, one of the most coveted awards in Round Table, we would like to congratulate KK, North Star....

- MESSAGE FROM VP, 41 INDIA -

My dear friends in 41 India.

Thanks to the pandemic, things are not happening as they should be.

However you cannot hold back the spirit of 41ers. Wherever possible they are not only having a good time, but also allowing worthwhile projects to happen.

I congratulate NS 41er Pankuj Vats for bringing out regular issues of 'HAPPENINGS' - an initiative started by me. Please ensure that the issues find their way to the 41 mobile app and the website. I believe it is available on the 41 international website.

I would like to make an earnest appeal to the 8 ACs through their respective ASTs. Please set the procedure for the 8 Area Boards of 2022-23 in motion. The results have to be announced before 30th April. I am busy observing what is going on and planning for 2022-23.

I am optimistic that with Covid cases going down, restrictions will be eased and we will head back to normal from new normal. Till then TAKE CARE. STAY HOME. BE SAFE

Yours in 41

- MESSAGE FROM 41 INTL PREZ -

Dear Friends,

The Christmas and End of Year holidays are knocking at our door and 6 months have already passed since my zoom induction in May.

I am proud of my international board and all the work we have done so far.

The pandemic has given us the opportunity to meet in a different way. Not physically, not live but through technology. Almost every week we have zoom meetings that allow us to meet with the national boards of the member Associations of 41 International. We have already met with Sri Lanka, Senegal, South Africa, Zambia, Denmark, India, Romania, Hungary, Suriname, Gb & I, Belgium and Cyprus.

With all these meetings we have the possibility to better know the life of the members, to share ideas and moments of joy, often from so far apart geographically but so close emotionally.

But between the Covid waves members of the international board were able to meet live with the Friends in some countries at their annual General Meetings: Italy, Denmark, Cyprus, Germany, Belgium, Switzerland, Malta. I had also the privilege of attending the 75th birthday of Club 41 England, the cradle of our club.

At these live meetings we all understood that seeing old and new friends is a gift, every single time. Every short period of time you share with a brother is an invitation to savour life and to dream the future.

On the 15th of July we had a zoom forum discussing the future strategies we intend to implement in the next years.

Tom Albrigtsen had new ideas to better shape the Club and the international board is following him in this new endeavour.

As Romania had to call off the international HYM in October in light of the bad Covid conditions in their country I decided to take the chance to organize the hybrid HYM of 41 International and Tangent International in Italy in my hometown Verona.

More than 100 of you from 18 different countries came. In normal times that would be a modest number of participants in an international HYM. But in today's times it meant an explosion of joy, friendship and togetherness. The beauty of the city of Verona and great sunny weather topped it off. I still feel the enthusiasm of those of you who made it to Verona!

What else is on the agenda of the International Board?

We believe that some of our Rules need a fresh look and perhaps some change. These matters will be the main subject of the next workshop that will take place in January.

I am proud that you all join me in supporting "the Round Table School of Hope of Kenya. It is a great project that support initiatives in the education and health areas in Kenya.

Several thousand euro have already been collected and I am sure that before my year ends in May in Norway you and I will find thousands more for this service.

In March we will hopefully meet again in the flesh at the next AGMs and I look forward to seeing you all in your countries.

In this holiday season I feel happy with my big family in the world. But my thoughts are also with those brothers that are no more with us. In our hearts each one of them is with us forever.

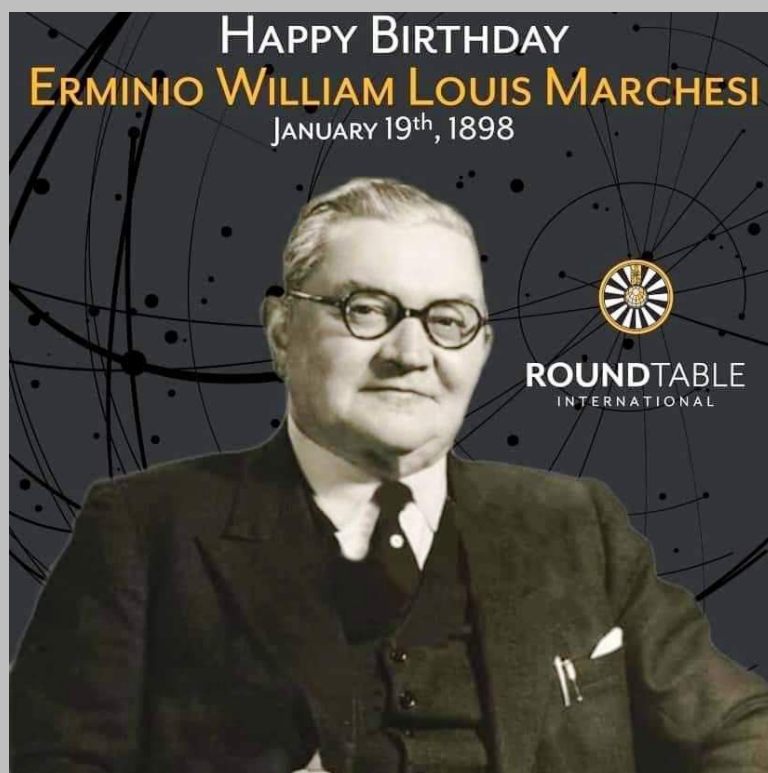

Dear Friends, let me wish you a joyful holiday season with your families and friends and a Happy New Year and always remember : "No borders, let's connect ! "
